EMTs and Paramedics

Emergency medical technicians (EMTs) and paramedics care for the sick or injured in emergency medical settings. People's lives often depend on the quick reaction and competent care provided by these workers. EMTs and paramedics respond to emergency calls, performing medical services and transporting patients to medical facilities.

Paramedic and EMT Careers

Are you interested in a fast-paced career in health care and being directly involved in saving people's lives? Consider training to become an emergency medical technician (EMT) or paramedic. EMTs and paramedics aide people injured in accidents or who require immediate medical attention, usually arriving after someone has called 911 for help.
